INTRODUCTION AND GENERAL PRINCIPLES

The Licensing Authority Area

North Somerset Council (the Council) is a Unitary Authority in Somerset covering approximately 145 square miles with a population of almost 205,000.

There are approximately 88,000 households and 7,000 active business enterprises within the district. The Council area is a mixed urban and rural district with a dispersed population. The main urban areas are Weston-super-Mare, Clevedon, Nailsea and Portishead.

The remainder of the area is a mixture of villages and farmland. The estimated population of Weston-super-Mare is 80,000, Clevedon 22,000, Nailsea 18,000 and Portishead 22,000. The area is not densely populated although there are concentrations of housing in the above towns.

The area adjoins the conurbation of Bristol and includes a major dock at Portbury, an International Airport at Lulsgate and the seaside resorts of Weston-super-Mare and Clevedon. The area has good transportation links that include the M5 motorway and main line railway routes and stations.

Tourism historically has been a significant economic sector in the local economy, most notably Weston-super-Mare which grew from a small village to a large resort town. Though tourism declined in the mid to late-20th century, in common with most British coastal resorts, this sector of the economy has stabilised and substantial regeneration is now taking place, particularly in Weston-super-Mare.

Hackney Carriages and Private Hire vehicles are an important mode of local transport and as such have a specific role to play in an integrated transport system. They are able to provide safe, secure and comfortable transport, providing an on-request door-to-door service in various circumstances, including where public transport may not be available (e.g. in more rural areas), or for those with mobility difficulties.

The area is served by around 600 Private Hire drivers and Private Hire vehicles, working for around 70 Operators. There are also around 150 Hackney drivers and Hackney vehicles.

Aim of the Policy

The aim of the Policy is to regulate the provision of a robust taxi and Private Hire licensing regime, which ensures that the public travel safely, receive a good level of service but where Operators and drivers are not overly burdened by unnecessary conditions.

In setting out its Policy, the Licensing Authority seeks to promote the following:

- The safety and health of both the drivers and the public;
- Vehicle safety, access and comfort;
- To protect the public;
- To prevent crime and disorder.
Public safety is paramount, and North Somerset Licensing Authority seeks to make sure that all taxi and Private Hire vehicles are safe and fit for purpose, and that their drivers and operators are fit and proper persons.

This Policy will aim to provide information and guidance to licence applicants, clarity for owners of licensed vehicles and operators, and to inform the public as to the way the Authority will undertake its licensing functions.

In addition, this Policy document seeks to assist the Licensing Authority in reaching decisions on particular applications or in regard to a particular enforcement issue, setting out those matters that will normally be taken into account.

The Policy will be kept under review to take into account any changes in legislation and best practice, information collated over a period of time, together with the outcomes of any updates in legislation or associated government guidance.

The Policy and any supporting appendices to the Policy may be updated from time to time between full Policy reviews and applicants and other interested parties are advised to contact the Licensing Authority for the most up-to-date information.

In preparing and publication of this Policy the Licensing Authority has had regard to:

- Guidance issued by the Department for Transport (“Taxi & Private Hire Vehicle Licensing: Best practice guidance” – edition March 2010);
- Relevant Legislation;
- Consultation and discussions with other Local Authorities and Partner Agencies;
- Consultation with the taxi trade;
- Consultation with Disability and Equalities representatives.

Nothing in this Policy document should be regarded or interpreted as an indication that any requirement of licensing or other law may be overridden.
1. **Policy overview and objectives**

1.1 North Somerset Council is the Licensing Authority under the Local Government Miscellaneous Provisions Act 1976 (as amended) and the Town and Police Clauses Act 1847. It has the duty to carry out its licensing functions in respect of:

- Hackney Carriage Vehicle Licences
- Hackney Carriage Drivers Licences
- Private Hire Vehicle Licences
- Private Hire Drivers Licences
- Private Hire Operator Licences

1.2 It is recognised that other legislation exists which may impact on taxi licensing, such as the Equalities Act 2010, and therefore aspects of the Policy pay regard to these legislative requirements.

1.3 This Policy takes effect from *(Insert Date)* 2018

1.4 The Council will keep this Policy under constant review and make such revisions to it as it considers appropriate. The Policy will be formally reviewed every five years and informally re-evaluated from time to time. Where revisions are made the Council will publish a statement of such revisions or a revised Policy document.

1.5 Any changes in legislation will supersede this Policy.

1.6 The Licensing Authority is committed to ensuring the provision of a professional Hackney Carriage and Private Hire service, by continued monitoring and improvement of standards and procedures. The Licensing Authority also seeks to promote the following objectives when considering applications, or when assessing the continuance of an existing licence:

- To ensure the safety and health of both the drivers and the public;
- To ensure vehicle safety, access and comfort;
- To protect the public;
- To prevent crime and disorder.

1.7 In promoting these objectives, considerations such as those set out below at Paragraphs 1.8 to 1.11 of the Policy will be taken into account by the Licensing Authority, and applicants and licence holders will be expected to continuously demonstrate that they can meet or exceed specifications set by the Licensing Authority.

1.8 **Safety and Health of Drivers and the Public:**

- Consideration of any convictions and/or cautions;
- Driver training, qualification and performance;
- Health and fitness of applicant for driver licence, or existing licence holder;
- Regular driver health checks;
- Vehicle specifications;
- Knowledge of the geographical area of North Somerset.
1.9 **Vehicle Safety, Comfort and Access:**
- Standards of vehicle appearance and comfort;
- Use and location of ranks;
- Provision of accessible facilities;
- Provision for all age groups;
- Provision of safe and comfortable premises for customers to use, if applicable.

1.10 **To Protect the Public:**
- Vetting, qualification,
- Training and monitoring of licence holders;
- Measures to prevent noise and light nuisance from taxi activities;

1.11 **To Prevent Crime and Disorder:**
- Operating rules and disciplinary processes;
- Commitment to work with Licensing Authority, Police and other statutory authorities.

1.12 The Licensing Authority is aware that applying licensing requirements which are unduly stringent may unreasonably restrict the supply of taxi and Private Hire services, and can lead to negative safety implications. Therefore, the Licensing Authority has considered each of its licensing requirements in relation to the proportion of risk it aims to address.

1.13 The Licensing Authority recognises that its licensing function is only one means of securing the delivery of the Policy. The Licensing Authority will therefore continue to work in partnership with other stakeholders, such as the Police, Crime & Disorder Partnerships and the Vehicle and Vehicle Standards Agency (DVSA) towards the promotion of the objectives of this Policy.

1.14 In undertaking its licensing function, the Licensing Authority will have regard to the following legislation:
- Town and Police Clauses Act 1847
- Transport Act 1980 & 1985
- Environmental Protection Act 1990
- Health Act 2006
- The Smoke-free (Premises and Enforcement) Regulations
- The Smoke-free (Vehicle Operators and Penalty Notices) Regulations 2007
- The Equality Act 2010
- The European Convention on Human Rights, which is applied by the Human Rights Act 1998
- The Rehabilitation of Offenders Act 1974 (Exceptions) (Amendment) Order 2002

1.15 The Licensing Authority will also have regard to any other relevant legislation, strategies, policies and guidance in its decision-making.
1.16 The following principles will be adhered to when carrying out enforcement activities:

- **Openness**
The Council will be open about how it enforces the legislation in relation to taxi licensing. It will consult with interested parties and ensure that officers discuss compliance failures or problems with persons experiencing difficulties.

- **Helpfulness**
The Council will work with people to advise on and assist with compliance of the relevant legislation. It will also strive to provide a courteous and efficient service to its customers.

- **Proportionality**
The Council will minimise the cost of compliance for businesses and individuals by ensuring that any action taken is proportionate to the risk or wider public benefit. Officers shall have regard to the human rights of all parties involved in its enforcement activities.

- **Consistency**
The Council will carry out its duties in a fair, equitable and consistent manner. Officers will have regard to national legislation and guidance; local byelaws; corporate policies and procedures; the contents of this document.

2. **Consultation**

2.1 Before determining this Policy, the Licensing Authority will consult with the following:

- Representatives of the Hackney Carriage and Private Hire trade within the North Somerset area;
- Taxi trade representatives;
- Department for Transport (including DVSA)
- Avon and Somerset Constabulary;
- North Somerset Council Highways & Transport services, Community Safety Team, Schools transport Team, Safeguarding Team and Equality and diversity Officer.

2.2 Consultees are permitted to make representations in writing or via electronic means e.g. email response, so long as their identity and capacity in which they are making representation can be understood. Proper weight will be given to the views of all consulted prior to this Policy taking effect.

3. **Departure from Policy**

3.1 In exercising its discretion in carrying out its functions, the Licensing Authority will have regard to this Policy and the objectives set out therein.

3.2 Where it is necessary for the Licensing Authority to depart significantly from this Policy, clear and substantive reasons for doing so will be given.
4. Hackney Carriage and Private Hire Vehicles

4.1. The Licensing Authority has no limitation Policy for the number of Hackney Carriages which may be licensed within the North Somerset Council area. This does not imply that there is to be no regulation of Hackney Carriages, as the Licensing Authority intends that quality controls shall be rigorously maintained in relation to both vehicles and drivers.

4.2. Before North Somerset Council will consider licensing a vehicle for the first time it must meet the vehicle specification set out in Appendix A.

4.3. The Licensing Authority will not grant first time vehicle licences for vehicles older than 5 years from the date of first registration of the vehicle. This provision will not apply to non-motorised vehicles and special categories of vehicles detailed at Appendix A.

4.4. Conditions will be applied to vehicle licences granted by North Somerset Council. The agreed standard conditions are shown at the following appendices:

Appendix B – Hackney Carriages
Appendix C – Private Hire vehicles
Appendix D – Conditions applicable to horse drawn vehicles
Appendix E – Additional conditions for stretched limousines
Appendix J – Conditions applicable to Non-Motorised Vehicles

4.5. A licensed vehicle shall be tested once per year until it is 5 years old. This will consist of a full MOT and a compliance check at the Council’s nominated testing facility. A vehicle older than 5 years of age shall be tested twice per year. The twice-yearly testing will consist of two separate MOT tests at six monthly intervals and an annual vehicle compliance test. Failure to provide a copy of an interim MOT to the Licensing Authority may result in the suspension of the vehicle licence until such time as the test is evidenced.

4.6. All annual vehicle compliance tests will take place at a facility approved by North Somerset Council, and will be conducted against the vehicle inspection manual, which is a separate document supplementing this Policy.

4.7. All vehicles must have a current MOT at the time of licensing, undertaken within 1 month of application.

4.8. Detailed provisions as to permitted vehicle markings which relate to the proprietor’s business and commercial advertising on licensed vehicles is shown at Appendix F.

4.9. The Council has made byelaws in relation to Hackney Carriages and these are shown at Appendix G.

4.10 In relation to Hackney Carriages the Council requires all vehicles to be fitted with calendar controlled taximeters. These meters must be calendar clocked, accurate and displaying the correct time and capable of displaying the various tariffs, as approved by the Licensing Authority. This will include any extra charges which are payable under the approved Table of Fares.

4.11 Dual plating of North Somerset licensed vehicles with other council areas will not be allowed. If a North Somerset licensed vehicle is found to be licensed by another Authority, the North Somerset licence will be revoked.
4.12 Vehicles that fall into category A or B insurance losses will not be licensed other than in exceptional circumstances. No vehicle will be licensed as either a Hackney Carriage or a Private Hire vehicle where a condition report indicates that the vehicle has been previously classified as a category S or N insurance loss, unless a Motor Vehicle Repairers’ Association (MRVA) inspector indicates that the vehicle is safe to be licensed. The cost off the MVRA inspection report and any subsequent re-assessment must be met by the applicant. The Council and their agents may conduct their own checks on vehicles and bear the cost of the same.

4.13 Hackney Carriage and Private Hire Vehicle Licences will be issued for a period of one year.

4.14 Applications for the continuation of a vehicle licence must be accompanied by a full V5 document. The registered keeper name must reflect the name of the licence applicant.

4.15 Vehicles must be presented at the Council’s appointed testing facility for the required compliance test within one month of submitting the application for the grant or continuation of a vehicle licence. Failure to do so may prevent the vehicle from being licensed.

4.16 Vehicles used solely for Weddings and Funerals are exempt from these Licensing regimes; as are volunteer drivers who receive no financial gain. Ambulances and medical transport vehicles are also currently exempt.

4.17 The Licensing Authority takes the view that vehicles which are used as “courtesy cars”, i.e. for transporting customers to and from garages, airports, hotels and night-clubs without charge, but with an obvious business benefit, are likely to need to be licensed under the Private Hire licensing scheme as should their ‘operator’. Whilst there may not be a separate charge for using the vehicles, they are being supplied with a driver for a specific purpose which is likely to result in a ‘business benefit’, for example a customer using that particular business as opposed to one that doesn’t offer the same transport service.

4.18 Application will be considered for the dispensation from the requirement to display plates on a Private Hire vehicle. These will not be issued as a matter of course and each application will be considered on its own merits. The overriding consideration is for public safety – the clear identification of a licensed vehicle is considered a safety aspect, particularly when visiting such places as Airports and the centres of large towns.

In determining such an application, the status of the passenger and the executive nature of the work is likely to indicate whether a dispensation will be granted or not.

The Licensing Authority requirements in relation to dispensation from displaying plates are shown at APPENDIX H.
4.19 CCTV in Hackney Carriage and Private Hire Vehicles may be of benefit. In addition to passenger safety, the safety of vehicle drivers is a key issue for both the Hackney Carriage and Private Hire trade. Lone female passengers can be vulnerable especially late at night. Female drivers may be more likely to seek employment with proprietors who have CCTV installed in their vehicles.

Installation of CCTV cameras may have a positive impact on reducing crime and anti-social behaviour. It provides an additional tool for the identification of persons travelling in a Private Hire / Hackney Carriage vehicle. This would be beneficial to passengers, drivers and the police.

It is not proposed to make the provision of CCTV cameras in vehicles a requirement of the licensing scheme, as it is considered that it is a matter best left to the judgement of the owners and drivers themselves. The Hackney Carriage and Private Hire vehicle trades are however encouraged to consider the installation of CCTV cameras in their vehicles on a voluntary basis and it will then be incumbent upon the operator to handle relevant data gathered in an appropriate and secure manner. Systems having an encrypted recorder that only the police can access are recommended. Should a CCTV system be installed in a licensed Hackney or Private Hire vehicle, the Licensing Authority requirements are shown at Appendix I.

4.21 North Somerset Licensing Authority will not entertain applications for those wishing to operate Tuk-Tuks or similar vehicles.

4.22 The Licensing Authority will accept applications from any person wishing to operate a non-motorised vehicle (for example a pedicab or rickshaw) for Hire and reward. Persons wishing to operate such a vehicle will be required to apply for a Hackney Carriage drivers licence. Non-motorised vehicles may not be licensed as Private Hire vehicles as the legislation defines Private Hire as a “motor vehicle”.

The requirements for licensing such vehicles are shown at Appendix J.
5. **Hackney Carriage and Private Hire Drivers Licences**

5.1 It is a legal requirement that drivers of either Hackney Carriages or Private Hire vehicles obtain from the Licensing Authority a licence to drive such vehicles.

5.2 North Somerset Council Licensing Authority issues both Private Hire Driver Licences and Combined Hackney & Private Hire Driver Licences. These are issued for a period of 3 years but can be issued for one year where the applicant is aged 65 years or more and may consider retirement in less than the 3 years of issue.

5.3 The Licensing Authority will issue a licence to an applicant provided that the applicant has held an EEA (E.G.) European Union (EU) full driving licence for at least 12 months, and is a “fit and proper” person to hold such a licence. The Licensing Authority acknowledges that changes to International Driving licences may occur as Great Britain leaves the European Union and will accept any legally agreed version at that time; held for more than one year.

5.4 The term “fit and proper” is the legal term used within the taxi & Private Hire legislation. The Licensing Authority see this as meaning “safe and suitable” to hold a licence. When determining whether a person is “fit and proper” the Licensing Authority will consider the applicant’s knowledge of the local area, their driving experience, driving qualifications, medical fitness, criminal record any previous history as a licensed driver or operator and any other matter considered relevant to ensure the safety of the public and the driver.

5.5 Conditions will be applied to Hackney Carriage and Private Hire driver licences granted by North Somerset Council. The agreed standard conditions are shown at Appendix K.

5.6 Hackney Carriage and Private Hire licence holders will be required to adhere to the Code of Good Conduct which is shown at Appendix M

**Age and Experience**

5.5 The Licensing Authority will not have regard to the age of an applicant when determining their suitability where it can be shown that:

- The applicant holds a valid full driving licence and that this licence must have been held for no less than 12 months at the time of application.

- The applicant has reached the required medical standards entitling them to drive in the United Kingdom.

5.6 Drivers reaching the age of 65 will be required to undertake a full Group 2 standard medical examination (as detailed in paragraphs 5.13 – 5.23) on an annual basis for the remainder of time they are licensed with the Authority. They will be then be permitted to apply for one-year licences until the point of retirement.
Driver Knowledge and proficiency

5.7 All new applicants will be required to undertake a suitability test before being permitted to apply for a licence. There is a published fee for this test which will consist of basic numeracy, literacy and map reading assessments. These may be written or oral and will be individual tests although the test may be in a group examination setting with an invigilator.

Applicants will only be permitted to repeat the test on up to three occasions. If the accepted pass mark is not reached on a third attempt an application will not be entertained.

5.8 Licensed drivers require a good working knowledge of the geographical area in which they operate in order to meet reasonable customer expectations. The Licensing Authority acknowledges that advances in technology have seen the development of both hand-held and in-car satellite navigation systems but still require all drivers to be able to navigate around the district in case of their failure.

The Authority, in an effort to determine the fitness of an applicant to hold a driver licence, requires that applicants undertake a knowledge test which examines their knowledge of both local geography and knowledge of the Highway Code, By-laws, Driver Code of Conduct and the conditions attached to their licence. This test is carried out at a place and time determined by the Licensing Authority and pre-test learning guidance will be provided.

An applicant is able to undertake additional tests if they do not pass on their initial attempt. However, if an applicant fails five attempts the Licensing Authority will not then accept an application.

5.9 Licensed drivers, as a profession, have a responsibility for the safe transportation of fare-paying passengers. Therefore, the Licensing Authority as part of its application procedure requires a Driving Standard Assessment of the drivers’ ability to be obtained by all new applicants.

5.10 The driving assessment is achieved by successful completion of the appropriate Driver Vehicle Standards Agency (DVSA) Practical Driving Test. The test is reflective of modern driving practices; the standard is set at a level suitable for the full driving licence holder, which is therefore of a higher level than the learner driver test.

The test must be carried out by the Licensing Authority’s nominated test provider. Details of the current provider will be provided to applicants who will then be responsible for arranging and attending a test; providing a copy of their certificate as part of the application process. A fee is payable to the provider and the Licensing Authority does not set or influence this fee level.

Safeguarding children and vulnerable persons

5.11 All drivers will be required to attend a training session on safeguarding children and vulnerable persons. The training session will cover the conduct and responsibilities of those licensed. It will provide guidance in identifying when vulnerable people are in need of protection and how to ensure they are taken to
a place of safety. It also details the need to report immediately any such incident or occurrence to the police and/or social services, and provides the necessary contacts and procedures to be followed.

The training provider must be approved by the Licensing Authority and may be an internal or external provider.

New applicants will be required to attend safeguarding training prior to submitting an application. Drivers and Operators who are renewing a licence and who have not yet undertaken any training, will be expected to have met this requirement by the time their licence is next due for renewal. Failure to do so will result in the drivers licence being suspended till such time they undertaken the training.

5.12 North Somerset Council has a Designated Officer for Allegations (DOFA). All complaints and safeguarding concerns raised against licensed taxi or Private Hire drivers will be referred to this officer. An allegations meeting may be held with representatives of relevant Authorities such as (but not limited to) the Police, Adult/Child protection and social care teams, school transport etc.

In the interest of public safety and to safeguard vulnerable persons, any driver subject to such an enquiry should expect his/her taxi or Private Hire driver licence suspended during any period of investigation.

Should any complaint or concern be upheld following this process, more formal action to revoke a licence may follow. Similarly, if there are no allegations to answer then the licence may be reinstated.

Medical Examination and Exemptions

5.13 The Licensing Authority requires that all drivers complete a medical examination at the application stage; and for existing drivers during the term of the licence, as set out in Para 5.14 below. The medical examination will ensure that the applicant/licensed driver satisfy all the requirements of the DVLA Group II Medical Standards of fitness to drive. The applicant/licensed driver should ensure that the G.P carrying out the medical examination has access to the applicant’s full medical records.

5.14 The requirement for applicants/licensed drivers about to medical examination is as follows:
- Upon application Every 5 years between the ages of 45 and 65
- Every year at renewal where the driver is aged 65 years or over
- Or anytime as required by the Council or the medical practitioner.

5.15 Where there is any doubt as to the medical fitness of the applicant/licenced driver, the Licensing Authority may require the applicant/licensed driver to undergo a further medical examination by a Doctor appointed by the Licensing Authority at the applicant’s/licensed driver’s own expense.

5.16 Where there remains any doubt about the medical fitness of the applicant/licensed driver, following the additional assessment described at Para 5.15 above, the Licensing Authority will not issue a licence to drive a Hackney Carriage or Private Hire vehicle. Existing licences will not be renewed and may be revoked.
5.17 All licensed drivers are required to inform the Licensing Authority immediately of any illness, condition or any other matter that affects their ability to drive.

5.18 The Licensing Authority recognises that applicants who have HGV/PSV entitlements on their DVLA driving licences already undergo Group 2 standard medicals with the same regularity required by this Policy. To avoid unnecessary cost and inconvenience, a separate medical examination will not be requested.

5.19 Exemption from carrying guide, hearing and certain other assistance dogs which accompany disabled persons, can only be sought on medical grounds. Therefore, applicants will need to demonstrate the grounds for applying this exemption by providing medical evidence to the Licensing Authority.

5.20 An application for the exemption described in Para 5.18 above must be made prior to undertaking a medical examination.

5.21 If an application for exemption notice is successful, the Licensing Authority will issue to the driver a Notice of Exemption. This Exemption must be exhibited in the vehicle at all times, by fixing it in a prominent position on the vehicle dashboard.

5.22 Section 165 of the Equality Act 2010 places duties on a licensed driver if driving a designated wheelchair accessible taxi or Private Hire vehicle. These duties may include conveying a passenger in their own wheelchair, transferring a passenger into a seat and transporting their wheelchair; and providing mobility assistance as required. Some drivers may have a medical condition or physical condition which makes it impossible or unreasonably difficult for them to provide the sort of physical assistance which these duties require.

An application for exemption from the duties required under Section 165 will require medical evidence from an applicant’s own GP and will require an exemption notice to be exhibited in the vehicle at all times, by fixing it in a prominent position on the vehicle dashboard.

North Somerset Council publishes a list of wheelchair accessible vehicles, their drivers and Operator if known, and licensed Taxi and Private Hire drivers should expect their details to be published (including confirmation of any exemptions) accordingly.

5.23 Any applicant for the grant of licence that is unable to satisfy the Licensing Authority that they meet the required medical standard will not have a licence granted to them.

Any licence holder failing to provide a medical report within one month of a request made by the Licensing Authority will have their licence suspended until such time the Authority can be satisfied of their medical fitness.
Disclosure & Barring Service Disclosures (DBS)

5.24 Applicants will be required to produce at their own expense a current Enhanced Disclosure Barring Service (DBS – formerly CRB) check when submitting a first time licence application. The Licensing Authority will only accept enhanced CRB disclosure certificates, that are applied for through North Somerset Council and dated within four weeks of the application. Previous DBS Disclosures will not be accepted by the Licensing Authority.

5.25 Existing Hackney Carriage or Private Hire vehicle driver’s licence holders will be required to provide a DBS Enhanced Disclosure every three years at their own expense.

5.26 Since March 2002, Hackney Carriage and Private Hire drivers have been listed as Regulated Occupations in the Rehabilitation Act 1974. The effect of this in relation to Hackney Carriage and Private Hire drivers is to render the Rehabilitation of Offenders Act 1974 inapplicable. Therefore, any caution and/or conviction, regardless of their age, will be taken into consideration by the Licensing Authority when assessing the suitability of a new or renewal application.

5.27 The Licensing Authority requires a five-year background check for all new applicants. It is a requirement of the DBS that if an applicant has lived abroad for any period of time in the last five years or is from an (EEA) Member State or other country, then a Certificate of Good Conduct (or equivalent) authenticated and translated by the relevant embassy is required. The DBS website (www.homeoffice.gov.uk/dbs) provides information about obtaining these certificates, or similar documents from other countries.

5.28 Failure to inform the Licensing Authority immediately, or within 5 working days of any convictions, cautions and fixed penalty notices during the licensing application and/or licensing period (i.e. once the licence is granted) may result in suspension or revocation of the driver licence. Similarly, where convictions, cautions or fixed penalty notices are notified, depending on the nature of the infraction, this may result in suspension or revocation of the driver licence.

5.29 The Licensing Authority may, where necessary, require licensed drivers to submit an additional enhanced DBS check at the licensed drivers cost. The Licensing Authority will not require this, unless it has good reason to do so – for example, the reasonable belief that the licensed driver has a criminal conviction not notified to the Licensing Authority. Failure to provide this additional enhanced DBS check may result in the licence being immediately suspended or revoked.

5.30 All applicants for the grant/renewal of a licence requiring an enhanced DBS check, or by request during the licence period, as set out in Para 5.29 above, shall be responsible for the costs of obtaining the enhanced DBS check.

5.31 The Disclosure Barring Service no longer provide a copy of an applicant’s disclosure to the Umbrella Body requesting the check. As a result, the onus is on the licence applicant to provide the Licensing Authority with a copy of their Disclosure within a month of it being received by them. Failure to do so may result in the suspension of the driver licence until a satisfactory copy is
provided.

**Relevance of Convictions, Cautions, Fixed Penalties and other relevant information**

5.31 The Licensing Authority when considering convictions and cautions recorded against an applicant or an existing licensed driver will have regard to the “Criminal Convictions Policy” set out in Appendix L.

5.32 In assessing whether an applicant or licensed driver is a “fit and proper” person to hold a licence, the Licensing Authority will consider each case on its own merit.

5.33 Upon receipt of the enhanced DBS check, the Licensing Authority will assess whether any or all of the convictions and/or cautions are capable of having real relevance to the issue of whether or not the applicant or licensed driver is a fit and proper person to hold a licence. The Licensing Authority will also take into account any fixed penalty notices and other information, but only insofar as they are relevant to an application for a licence or impact on the continuance of an existing driver licence. In certain cases, the matter may be referred to the Council’s Licensing Committee for determination.

5.34 The Licensing Authority will have regard to fixed penalties when considering if an applicant is a fit and proper person. Failure to inform the Licensing Authority of any fixed penalty notices obtained during the application or licence period may result in possible rejection of the application or suspension or revocation of the licence.

5.35 In relation to cautions, the Licensing Authority will have regard to the nature of the infraction when considering their relevance to an application or continuance of an existing driver licence.

5.36 In relation to previous convictions, the Licensing Authority will have regard to the following:

- The nature of the offence/s;
- The age of the offence/s;
- The apparent seriousness, as gauged by the penalty applied.

5.37 In general terms, the more recent, serious and relevant the offence is, the less likely that an application will be granted or that an existing licence will be permitted to remain in effect.

**Driving licence (DVLA) checks**

5.38 The Licensing Authority will, where considered necessary, check the DVLA database in order to establish a driver’s complete driving history.

5.39 Where this course of action is deemed necessary, the Licensing Authority will request that the driver completes a consent form in order that the check can be carried out. The cost of the check is borne by the applicant/licensed driver.

5.40 Should the necessary consent, as required in Para 5.39 above not be given by the applicant/licensed driver, this will result in the application being refused or
the existing drivers licence being immediately suspended or revoked.

5.41 Hackney Carriage drivers are required to comply with the requirements of the Hackney Carriage Byelaws as shown at Appendix G.

**Right to work checks**

5.42 Since the introduction of the Immigration Act 2016, all applicants for a Hackney Carriage or Private Hire driver’s licence or renewal will need to demonstrate that they have the right to work in the UK before they can be issued with a licence. Further information can be found at Appendix Q

**Smoking**

5.43 Smoking has been prohibited in all Hackney Carriage and Private Hire vehicles since 1st July 2007. A driver found smoking or permitting smoking to take place in a licensed vehicle, will be subject to enforcement action by North Somerset Council. This will be by way of fixed penalty notice (Health Act 2006). On the third such notice issued the Licensing Authority will consider the suspension or revocation of the Hackney or Private Hire Driver licence.

In line with the North Somerset Council Smoke-free Policy, ‘smoking’ means the use of all tobacco products e.g. cigarettes, pipes, cigars, (with the exception of those products that have been designated as nicotine replacement therapy by the Medicines and Healthcare Products Regulatory Agency.)

Alternative nicotine devices, such as electronic cigarettes, Vapour devices and any other form of such inhalation device will also be treated as smoking tobacco.

**Mobile phones and other handheld devices**

5.44 The use of any handheld devices whilst driving is prohibited. Licence holders who are found to do so may have their licence suspended or revoked.
6. **Private Hire Operators Licences**

**Requirements and Obligations**

6.1 Any person who operates a Private Hire service utilising one or more Private Hire vehicles must apply to the Council for a Private Hire Operator’s Licence.

6.2 The primary objective in licensing Private Hire operators is the safety of the public, both in the vehicles and at the operator’s premises.

6.3 Private Hire Operators will require a basic DBS check. This must be carried out by North Somerset Council within 4 weeks of the application date. If the proprietor of a Private Hire Operator is also holds a Hackney or Private Hire vehicle driver licence with North Somerset Council the DBS check carried out as part of that licensing process may be used in the Operator application process.

6.4 Conditions will be applied to Private Hire Operator licences granted by North Somerset Council. The agreed standard conditions are shown at Appendix N.

6.5 A Private Hire vehicle may only be dispatched to a customer by a Private Hire operator who holds a Private Hire operator’s licence. Such a licence permits the operator to make provision for the invitation or acceptance of bookings for a Private Hire vehicle.

6.6 A Private Hire operator must ensure that every Private Hire vehicle is driven by a person who holds a Private Hire driver’s licence.

6.7 All three licences:
- Private Hire operator’s licence;
- Private Hire driver’s licence; and
- Private Hire vehicle licence;
must be issued by the same Licensing Authority.

6.8 A Private Hire operation must be within the district of North Somerset in order to apply for a licence. If a premise falls outside of North Somerset administrative boundaries this Licensing Authority do not have the authorisation to grant you an operator licence.

6.9 The Council will not grant a licence to an operator whose premises are located outside the district. This is to ensure that proper regulation and enforcement measures may be taken by the Council and is in no way intended to be a restraint of trade.

**Gaming Machines**

6.10 Operators that provide a waiting facility for members of the public and/or drivers should be aware that they cannot make gaming machines available for use. This action would be a criminal offence under the Gambling Act 2005.

6.11 It is the responsibility of the operator to ensure that appropriate planning
consent exists for the operational address to be used for that purpose.

6.12 The Licensing Authority will decide whether the applicant is a ‘fit and proper’ person to hold an operator’s licence.

**Sub-contracting**

6.13 Section 55A of the 1976 Act, inserted by the Deregulation Act 2015 permits Operators licensed by the Council to sub-contract a Private Hire booking to another operator licensed by the Council or to any other licensed Private Hire operator holding a Private Hire licence granted by another local Authority.

6.14 However, regardless of which operator fulfils a booking, the operator can only despatch a vehicle licensed by the same Council that licences the operator and driven by a driver licensed by that same Council.

6.15 For example, if an Operator licensed by Council X chooses to sub-contract a booking to an operator licensed by Council B, that operator must despatch a vehicle with a driver licensed by Council B. Or in reverse, if a Council B licensed Operator sub-contracts a booking to a Council X licensed operator, the vehicle despatched, and its driver, must both be licensed by Council X.

6.16 Operators that accept a booking remain legally responsible for that booking even if they sub-contract the booking to another Operator and should record the booking as normal and the fact that it was sub-contracted.

6.17 Customers who book through a licensed operator expect a vehicle to be provided that is directly controlled by that operator and not one that is licensed in another district. The Council aims to have the highest standards possible as appropriate for its district. Other local authorities have different standards appropriate for their district and the vehicles and standards of drivers may differ.

6.18 For this reason the Council does not believe that sub-contracting bookings should be common place amongst its licensed Operators. It may be appropriate for Operators to sub-contract in order to provide a certain type of vehicle that is not on its fleet such as WAV (Wheelchair Accessible Vehicle).

6.19 The Council does not have the ability to take enforcement action against those licensed by other authorities but may, upon the investigation of a complaint, take action against an Operator where they have sub-contracted to another Operator and failed to exercise all due diligence to ensure that the person making the booking was transported in compliance with the standards imposed by the Council.

**Cross Border Hiring**

6.20 In relation to Private Hire vehicles, the 1976 Act permits members of the public to contact and book a Private Hire vehicle through any licensed Private Hire operator regardless of in which district they are licensed. Private Hire bookings are Private contracts between the Hirer and the operator and are not a matter for the Council to regulate. In this regard, the Act leaves the selection of an operator entirely to market forces and the freedom of choice to the
6.21 The Licensing Authority intends for its Private Hire operators and their vehicles to aspire to the highest standards of service so that they are the operator of choice for its residents.

6.22 The Licensing Authority does however recognise that members of the public may be confused by the appearance of vehicles licensed by other authorities working in North Somerset. The Council therefore encourages its residents to understand the difference between Private Hire vehicles and Hackney Carriages and the requirement that Private Hire vehicles, regardless of which Authority licences them, must be booked in advance.

Insurance

6.23 It is considered appropriate for a Private Hire operator; and the Licensing Authority may check, that appropriate public liability insurance has been taken out for premises that are open to the public.

Public Safeguarding and Child Sexual Exploitation

6.24 All Operators will be required to attend a training session on safeguarding children and vulnerable persons. The training session will cover the conduct and responsibilities of those licensed. It will provide guidance in identifying when vulnerable people are in need of protection and how to ensure they are taken to a place of safety. It also details the need to report immediately any such incident or occurrence to the police and/or social services, and provides the necessary contacts and procedures to be followed.

The training provider must be approved by the Licensing Authority and may be an internal or external provider.

6.25 New applicants will be required to attend safeguarding training prior to submitting an application. Operators who are renewing a licence and who have not yet undertaken any training, will be expected to have met this requirement by the time their licence is next due for renewal. Failure to do so will result in the drivers licence being suspended till such time they undertaken the training.

6.26 Child Sexual Exploitation (CSE) is a form of child abuse. It can involve sexual abuse, physical abuse and emotional abuse of children by adults. Licensed Operators provide a public service and have a duty of care to all passengers. They also have a moral and social responsibility to report concerns about someone who is vulnerable.

Should an Operator have any concern about the vulnerability of a child or public safeguarding they must report this immediately or pass on information or intelligence to either the Police or Licensing Authority.

Should a licence holder fail to report a concern then they will be investigated and may have their licence revoked or suspended.
7. **Enforcement Policies**

**Criminal Records Disclosures**

7.1 The Council is an approved Disclosure Barring Service (DBS) Umbrella Body and applicants can obtain criminal record disclosures from the DBS through the Council. Applicants will be charged an appropriate fee determined by the Disclosure Barring Service.

7.2 The Council is bound by rules of confidentiality, and will not divulge information obtained to any third parties. The applicant for a DBS disclosure will be sent a disclosure report to their home address, the onus is on the licence applicant to show this to the Council prior to the issue or continuation of a licence.

7.3 The Council will operate policies and procedures in accordance with guidance and codes of practice issued by The Disclosure Barring Service. The Council’s Policy statement on secure storage, handling, use, retention and disposal of disclosures and disclosure information is shown at Appendix O.

**Relevance of Convictions and Cautions**

7.4 In assessing whether the applicant is a fit and proper person to hold a licence, the Licensing Authority will take account of cautions and convictions, whether spent or unspent, but only in so far as they are relevant to an application for a licence. Upon receipt of disclosure from the Criminal Records Bureau, an Officer of the Licensing Authority will assess whether any or all of the convictions are capable of having a relevance as to whether the applicant is a fit and proper person to hold a licence.

7.5 The presence of past or acquired criminal convictions by a person will not automatically prevent a person holding a licence and will be assessed against the Licensing Authority’s Criminal Convictions Policy shown at Appendix L.

**Enforcement Measures**

7.6 The Licensing Authority recognises that well-directed enforcement activity not only benefits the public but also responsible members of the Hackney Carriage and Private Hire trades.

7.7 The Licensing Authority will take enforcement action where it considers it necessary and proportionate to do so. In doing so, it will have regard to the Licensing objectives stated within this Policy. Enforcement will be risk-based, intelligence-led and targeted and managed in line with the Licensing Authority’s Enforcement Policy.

7.8 A record of any enforcement and/or disciplinary action taken by the Licensing Authority or Local Authority, whether formal or informal, will be recorded on the licence holder’s file. Such evidence of this, may be brought to the attention of the Licensing Committee, Sub-Committee or the Court, if further action is deemed necessary.
7.9 The Council will though; in order to discharge its role as the Licensing Authority, carry out routine and unannounced inspections of individuals, vehicles and businesses to ensure compliance with the relevant legislation.

7.10 The Licensing Authority may take any of the steps below upon receipt of evidence that an offence has been committed in relation to legislation or byelaws enforced by the Council:

- Informal verbal or written advice
- Suspension of the Licence;
- Service of Notice;
- Revocation of the Licence;
- Refusal to Renew;
- Issue of a Formal Caution
- Prosecution of an individual or company

7.11 Minor or first-time transgressions are likely to attract either an oral or written warning.

7.12 Where public safety is deemed to be in imminent danger the further use of a licensed vehicle will be suspended by notice until the defects have been remedied. The suspension notice will not be lifted until the vehicle has undergone a further inspection and passed fit for use as a Hackney Carriage or Private Hire vehicle.

7.13 The Licensing Authority may exercise its discretion to suspend the operation of a driver’s licence for a specified period. Such action will only be taken after a hearing before the appropriate Licensing Sub-Committee.

7.14 Any allegations or serious complaints made against a licensed Hackney or Private Hire driver will be referred to the Designated Officer for Allegations (DOFA) for North Somerset Council. The driver can expect to be suspended for the duration of any investigation and through to any formal outcome.

7.15 A licence holder will be referred to the appropriate Licensing Committee when either he/she has been found to be in breach of a licence issued, or convicted of a serious criminal offence. The Committee will consider the evidence and may either take no action, issue a warning or suspend or revoke a licence.

7.16 As an alternative to revocation, the Licensing Authority may decide that the appropriate action, in a situation where the licence is shortly to expire, not to renew the licence.

7.17 As an alternative to instigating a prosecution the Council will consider the issuing of a formal caution where:

- There is sufficient evidence to justify a prosecution;
- The licence holder admits his/her guilt;
- The licence holder agrees to be cautioned
7.18 The Licensing Authority will consider prosecuting licence holders for relevant offences in the following circumstances:

- Where the allegation is of a serious or repeated offence, or
- Where the Licensing Authority proposes to issue a formal caution to the licence holder, but the offence is not admitted, or the caution accepted.
8. General Arrangements

Licensing Committee and Hearings

8.1 The Licensing Committee of North Somerset Council has responsibility for the Hackney Carriage and Private Hire Licensing regime in the district, along with the formulation and review of Policy.

8.2 The Committee has delegated its functions in the following way:

- A Licensing sub-committee shall deal with applications and disciplinary matters referred to it by Licensing Officers.
- Licensing Officers have delegated powers to grant or refuse licences; to suspend or revoke licences in situations requiring immediate action; to issue oral and written warnings, notices, formal cautions; to instigate prosecutions where appropriate.

8.3 Licensing Hearings in relation to applicants and licensees will be carried out to an agreed procedure that allows an individual the ability to present his/her case to the Committee, be represented and ask questions. In certain circumstances the Committee will hold Licensing hearings without the public being present, where it is legally allowed to do so, for cases where personal matters are to be considered.

Licence Applications

8.4 An application for a vehicle, driver or operator’s licence will be made on the specified application form issued by the Licensing Authority.

8.5 Applications will not be processed unless all the required documentation is produced and the licence fees have been paid.

8.6 It is the responsibility of the individual licensee to renew an existing licence and the absence of a reminder letter will not discharge the licensee of his/her individual responsibility as set out in paragraph 8.7 below.

8.7 Application forms, appropriate fees, and supporting documentation should be submitted in sufficient time to allow processing of the application. It is recommended that applications are made at least at least 28 days prior to the expiry of the previous licence.

8.8 A licence that is not renewed by its expiry date will be deemed to have not been renewed and a fresh application for a new licence will be required, unless exceptional circumstances can be demonstrated to the Licensing Authority.

8.9 Applications will not be entertained from persons who have had any licence revoked by North Somerset Council previously.
Table of Tariffs and Licence Fees

8.10 The Licensing Authority will review the prescribed Hackney Carriage fares each year between January and March and any change shall be implemented on 1\textsuperscript{st} April following. The Licensing Authority shall also consider any requests in the interim for fare increases which dictate that a variation would be appropriate.

8.11 The Licensing Authority will annually review its licence fees and charges and implement any changes on the 1\textsuperscript{st} April each year.

Taxi Ranks

8.12 North Somerset Council has established a number of public taxi ranks in the district and these are shown at Appendix P.

8.13 Where a genuine demand can be demonstrated for the establishment of additional public taxi ranks the Council will consider establishing new ranks subject to them being approved by the local Highway Authority.

Service Standards

8.14 The Council has published standards for the delivery of services and wherever possible these will be maintained in relation to the processing licence applications, dealing with service requests and complaints made to the Licensing Team.

Complaints

8.15 The Council will investigate complaints against licensed or unlicensed vehicles, persons or businesses and take action proportionate to the matter being investigated. Complainants shall though be encouraged in the first instance to raise their concerns directly with the licensee to seek a local resolution.

8.16 If a person making a complaint is not satisfied with the investigation of a complaint, the North Somerset Council’s formal complaint procedure will be followed.

Appeals

8.17 Any notifications of enforcement actions will include information on how to appeal, where that right of appeal exists. This will include where and within what period an appeal may be brought.

9. Accessibility

9.1 Drivers are under a duty to transport a disabled person’s guide, hearing or other prescribed assistance dog and allow it to stay with the passenger without additional charge. Drivers who have a medical condition that is aggravated by exposure to dogs may apply to the Licensing Authority for an exemption from the duty on medical grounds. The exemption certificate must be clearly displayed within the vehicle. Any other driver who fails to comply with this duty is guilty of an offence and liable to prosecution. If a driver is refused an exemption from the requirements to carry an assistance dog they have the right of appeal to the Magistrates Court within 28 days of being refused.
9.2 The Disability Discrimination (Transport Vehicles) Regulations 2005 came into force on 4th December 2006. The result of these regulations is to lift the previous exemption for transport vehicles. The effect of the regulations is to prevent any discrimination against providing transport services to disabled people.

9.3 The Council will encourage the Licensing of vehicles for the Carriage of disabled persons and has included within the vehicle specification at Appendix A guidelines for suitably adapted and accessible vehicles.

9.4 The Council will also work with local groups and forums to promote accessibility issues in relation to licensed vehicles.

9.5 The Council will encourage the improvement of driver’s awareness of the needs of disabled people, encourage them to overcome any reluctance or bad practice, and to improve their abilities and confidence. The Licensing Authority will encourage drivers to undertake mobility training.

9.6 The Licensing Authority will maintain a list of designated wheelchair accessible taxis and Private Hire vehicles operating in its area.

9.7 The Licensing Authority will ensure that the designated wheelchair accessible vehicle list is made easily available to passengers, and that vehicle owners and drivers are made aware. Lists will set out the make and model of the vehicle, together with specifying whether the vehicle is a Hackney Carriage or Private Hire vehicle. Where possible the Operator of a Private Hire vehicle will also be specified for ease of contact.

9.8 Drivers of designated wheelchair accessible vehicles will be provided with clear guidance on their duties with respect to the Carriage of passengers both with and in wheelchairs.

9.9 An exemption from carrying out duties to assist passengers in wheelchairs may be granted to drivers if the Licensing Authority is satisfied that it is appropriate to do so on medical or physical grounds.

9.10 If a driver is granted exemption then an exemption certificate will be issued and must be displayed by the driver in a prominent position within the vehicle to ensure that passengers in wheelchairs are able to clearly discern whether or not a driver has been exempted from the duties to provide assistance.

9.11 Drivers who discriminate against disabled passengers will be held personally accountable. If a driver receives a conviction for breaching their duties the Licensing Authority will review whether or not they remain a fit and proper person to hold a drivers licence. The Council will investigate cases of alleged discrimination and take appropriate action, even where prosecution did not proceed.
Appendix A

Exemption from requirement to display Vehicle Identification.

1. The aim is to ensure public safety whilst taking a balanced approach to licensing requirements. The objective is the provision of an exemption to allow 'executive vehicles' to operate without displaying external identification plates.

2. Introduction

2.1 The displaying of the external identification plate on a licensed vehicle and a driver's badge is important in terms of public safety and reassurance. They indicate to the travelling public that prior to being licensed both the vehicle and the driver have been subjected to checks to ensure their (the public's) safety. The visible licence number of the vehicle and driver affords members of the public and other persons such as the Police traceability via the local Licensing Authority.

2.2 The Local Government (Miscellaneous Provisions) Act 1976 requires that Private Hire vehicles display an identification plate and drivers of those vehicles wear a driver's badge. The same legislation also allows North Somerset Council to exempt vehicles from the need to display an identification plate and, where that exemption applies, the requirement to wear a Private Hire Driver badge.

3. Details

3.1 Exemptions from displaying identification plates may be in respect of individual vehicles only and based upon evidence based need. Applications for exemptions relating to a fleet of vehicles will not be allowed.

3.2 Each application will be assessed on its own merit.

3.3 Applications for exemption from the requirement to display identification plates may be considered where the following requirements are met;
   a) Vehicles must be of a standard of comfort and equipped to a level higher than that of a 'standard' Private Hire Vehicle. It is not intended to form a prescriptive list of acceptable vehicles because this may be subjective and require frequent update.

   Relevant considerations as to whether a vehicle meets this standard include but are not limited to cost, reputation, specification, appearance, perception, superior comfort levels and seating specification i.e. whether the vehicle offers additional space per passenger opposed to standard vehicles.

   b) The vehicle will be in pristine condition with no visible defects, dents or blemishes to the external bodywork or internal trim and seating. Interior seating will usually be leather and the cabin air conditioned to maintain passenger comfort.
c) The type of work undertaken is ‘executive’ in nature. There must be a demonstrable need for an exemption to apply rather than a one off contract. The type of work that may be considered ‘executive’ may include:

- Corporate bookings to transport employees and clients on business related journeys
- Other journeys where the client specifically requires a vehicle without any Private Hire plates or signage on it at the time of booking
- Bookings for clients (for example politicians and celebrities) who for security or personal safety reasons would not want the vehicle to be identifiable as a Private Hire vehicle.
- The percentage of ‘executive’ work undertaken by the vehicle must constitute at least 75% of the total work carried out by the vehicle.
- An application to renew an exemption from the display of identity plates must be accompanied by a copy (preferable electronic) of the relevant Private Hire Operator records to evidence the nature of the work carried out over the previous licence period.
- Operator records must also detail evidence of contracts with clients which require vehicles supplied to be exempt from the display of identity plates.
- A dress code commensurate with executive work is required. Applicants to provide details of the dress code (suit/jacket or equivalent) which the operator(s) for whom they work require them to adhere to. Dress code must be followed at all times the vehicle is being used to undertake a booking relating to executive work.

3.4 Where a proprietor wishes to make an application for a vehicle to be exempt from displaying identification plates they will be required to complete the appropriate application form. The application form will be accompanied by documentation that supports the application and the appropriate fee shown in the published tariff.

3.5 A notice of exemption from displaying identification plates will be granted at the Council’s discretion. The applicant must provide sufficient documentary evidence to support their application. Such evidence may include:

a) A letter from each customer indicating:
   i) Why they require a vehicle which does not display an identity plate,
   ii) Whether they require privacy glass, and why privacy glass is required.
   iii) The type of vehicle they require.

b) A letter from the Private Hire Operator for who work is undertaken stating the vehicle registration number of the vehicle to which this application relates and detailing the work that will be carried out and the percentage of the work to be carried out.

c) Copies of written contracts with customers.

d) Copies of invoices
3.6 The Council may require applicants to provide any additional documentation as reasonably necessary to allow the Council to make an informed decision. Where such documentation is not provided to the satisfaction of the Council the application will be refused.

3.7 Where an application is granted and a vehicle is exempted from displaying its external identification plate an exemption notice will issued as soon as practical after the decision is made.

3.8 Where a vehicle is exempted from the requirement to display an external identification plate the vehicle will NOT be exempted from the need to display the internal plate.

3.9 Irrespective of when an exemption notice is granted the initial exemption notice will expire on the same day as the expiration of the vehicle’s current Private Hire licence, unless it is otherwise surrendered or revoked. Thereafter any renewed exemption notice will last for a period of time that is the same as that vehicle’s Private Hire licence unless either the licence or notice is otherwise surrendered or revoked.

3.10 Exemption notices may be renewed annually. An application to renew the exemption must be accompany the vehicle renewal application form.

3.11 The Authority to determine any application for an exemption notice is by virtue of this Policy delegated to the Licensing Manager.

3.12 Other than where to do so would conflict with the requirements of this Policy, all vehicles granted an exemption notice must, in addition to the requirements of this Policy, comply with the requirements for Private Hire vehicles contained within the Private Hire Vehicle licence conditions.

3.13 The below conditions apply to all Private Hire Vehicles granted an exemption from displaying identification plates and are in addition to the criteria and general conditions applicable to all Private Hire Vehicles;

a) The valid Private Hire Vehicle plates issued to the licence holder shall be kept within the vehicle at all times and shall be produced for inspection by an authorised officer of North Somerset Council or a Police Officer upon request.

b) The exemption notice shall be retained within the vehicle at all times and shall be produced for inspection by an authorised officer of North Somerset Council or a Police Officer upon request.

c) In the event of loss or damage rendering such plate or notice unserviceable the proprietor shall make immediate application for a replacement for which a fee is payable.

d) The proprietor will not display in, on or from the vehicle any advertisement, signage, logos or insignia advertising the operating company or the vehicle’s status as a Private Hire vehicle.

e) During the period of the exemption notice, the driver shall not be required to wear a Private Hire Driver’s identification badge but will have it available for immediate inspection by an authorised officer of North Somerset Council or any Police Officer on request.

f) Failure to comply with the above terms will invalidate the exemption granted with immediate effect.
h) These terms shall remain valid for the term of the notification unless replaced by a different scheme or system of identification.
i) The exemption will cease to have effect on selling or transferring the vehicle to another party. The exemption notice must be returned to the Council along with the Private Hire vehicle identification plates unless being sold to for use as a Private Hire Vehicle in North Somerset; in which case, only the exemption notice has to be returned.
j) A taximeter will not be installed in the vehicle.
k) During the period of exemption the driver is required to comply with the dress code previously supplied to the Council.
l) The proprietor shall notify the Council of any change in the use of the vehicle by the end of the following working day.

3.14 The below conditions apply to all Private Hire Operators who operate vehicles to which an exemption from display of plates has been granted. These conditions are in addition to the general conditions applicable to all Private Hire Operators;

a) Bookings taken in respect of clients who require vehicles exempt from the display of plates must be paid for on account. No payment can be made to the driver of the vehicle at time of hiring.
b) Bookings in respect of clients who on occasion require vehicles exempt from the display of plates must be subdivided into to those which;
   i) Require vehicle to be exempt from display of plates
   ii) Do not require vehicles exempt from the display of plates

Copies of records detailing the division of work to be kept for 12 months from period of Hire and must be provided to the Council on request.
c) Copies of contracts with clients who require vehicles exempt from the display of plates must be kept for 12 months from date of commencement and provided to the Council on request.
d) Dress code commensurate with executive work (suit/jacket or equivalent) to be in place in relation to bookings taken for vehicles exempt from the display of plates. Drivers of such vehicles to be required by the operator to comply with the dress code during the Hire period.

      • The Pedal Cycle (Construction and Use) Regulations 1983

   b) Applicants must provide a valid certificate of public liability insurance with minimum of £5 million to meet any potential insurance claims.

2. Because of the unusual design and construction of non-motorised vehicles, some of the Council’s standard regulations and conditions attached to a vehicle licence may not be applicable or appropriate. The Authority may, at its discretion, exempt applicants from such requirements. The Authority may attach such conditions to the licence as it considers appropriate for the health, safety and welfare of the public. Each application will be considered on its individual merits.

3. The Council will not permit any licence granted to a non-motorised vehicle to be transferred to a motorised vehicle.

4. Any person wishing to drive a licensed non-motorised vehicle must apply to the Council for a Taxi driver Licence.

5. The Authority may, at its discretion, exempt applicants from such requirements. The Authority may attach such conditions to the licence as it considers appropriate for the health, safety and welfare of the public. Each application will be considered on its individual merits.

6. The pedicab should be of such a design that has the rider in a forward position and the passengers to the rear. This is to ensure that the rider has a clear view of the road ahead and does not place passengers in a more vulnerable position.

16. All accidents involving the non-motorised vehicles are to be notified to the council, by the proprietor, within 72 hours.

Appendix L

CRIMINAL CONVICTIONS POLICY

General Principles

1. In relation to cautions, the Licensing Authority shall have regard to the type and age of the offence and the age of the applicant when the offence occurred, when considering their relevance to an application. Cautions given more than 5 years before the date of application shall be treated as irrelevant.

2. In relation to previous convictions, the Licensing Authority shall have regard to the following:
   1. Whether the convictions are spent or unspent;
   2. The type and relevancy of the offences;
   3. The age of the offences;
   4. The apparent seriousness, as gauged by the penalty.

3. The Licensing Manager or Group Service Manager may deal directly with less serious first offences without referring the matter to the relevant Licensing sub-committee. They may choose to take no action or may issue warnings as to future conduct in accordance with this Policy.

4. In particular, applicants and current licensees shall be referred to the Licensing Sub-Committee where one or more of the following apply:
   1. Any term of imprisonment or custody;
   2. Any conviction for a sexual offence;
   3. Any conviction for violence or dishonesty which is of a serious nature;
   4. Any serious motoring offence, such as dangerous driving, driving whilst disqualified, or more than one conviction for drink driving;

5. The following guidelines are used to determine the relevance of criminal convictions in relation to applications for Hackney Carriage and Private Hire driver's licenses. In so stating, this Licensing Authority has adopted the guidelines set out in the Department of Transport Circular 2/92 and Home Office Circular 13/92, subject to certain limited modifications.

General Policy

6. Each case shall be decided on its own merits.

7. A person with a current conviction for serious crime need not be permanently barred from obtaining a licence but should be expected to remain free of conviction for 3 to 5 years according to the circumstances before an application is entertained. Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However the overriding consideration should be the protection of the public.

8. The following examples afford a general guide on the action to be taken where convictions are admitted.
Minor traffic offences

9. Convictions for minor offences e.g. obstruction, waiting in a restricted street, speeding etc., should not prevent a person from proceeding with an application. However, the number, type and frequency and repetition of these types of offences may be taken into account.

If sufficient points have been accrued to require a period of disqualification of the applicants DVLA driving licence then a Hackney Carriage/Private Hire drivers licence may be granted after its restoration but a warning should be issued as to future conduct.

Holders of council issued drivers licences convicted during the period of licence of such offences may be warned as to future conduct, and any disqualification from driving will lead to an automatic suspension of any Hackney Carriage/ Private Hire drivers licence issued by the council.

Reinstatement of a drivers licence may be made following a review by the Licensing sub-committee.

Major motoring offences

10. An isolated conviction for reckless driving or driving without due care and attention etc. should normally merit a warning as to future driving and advice on the standard expected of Hackney Carriage and PHV drivers.

More than one conviction for this type of offence within the last 2 years should merit refusal and no further application should be considered until a period of 3 years free from conviction has elapsed.

Similarly, any conviction during the period of a council issued licence will lead to a warning as to future conduct and repeated offences within a two-year period shall merit consideration of the revocation of that licence.

No further application shall be considered until a period of 3 years free from conviction has elapsed.

Drunkenness

(a) With a motor vehicle

11. A serious view shall be taken of convictions for driving or being in charge of a motor vehicle under the influence of drink. An isolated incident in the past should not necessarily debar an applicant but a strict warning should be given as to future behaviour.

More than one conviction for these offences shall raise grave doubts as to the applicant's fitness to hold a Hackney Carriage/Private Hire drivers licence. At least 3 years should elapse after the restoration of the DVLA driving licence before an application can be considered for a Council issued drivers licence.

A licensed driver found guilty of driving whilst under the influence of alcohol shall have their council issued drivers licence revoked.

Re-consideration of the granting of a new licence shall not be entertained for a minimum period of three years after restoration of the DVLA driving licence.
12. If there is any suggestion that the applicant is an alcoholic, a special medical examination should be arranged before the application is entertained.

If the applicant is found to be an alcoholic a period of 3 years must elapse after treatment is complete before a further licence is considered.

(b) Not in motor vehicle

13. An isolated conviction for drunkenness need not debar an applicant from gaining a licence. However, a number of convictions for drunkenness could indicate a medical problem necessitating critical examination.

In some cases, a warning would be sufficient. A conviction of this type of offence during the period of a council issued licence could warrant a warning as to future conduct, with subsequent convictions possibly leading to suspension and/or revocation of any licence held.

Drugs

14. An applicant with a conviction for a drug related offence should be required to show a period of at least 3 years free of convictions before an application is entertained, or 5 years after detoxification treatment if he/she was an addict.

A driver found guilty of driving whilst under the influence of drugs, or found guilty of any drug related offence shall have their council issued drivers licence suspended and consideration given for the revocation the licence.

Re-consideration of the granting of a new licence shall not be entertained for a minimum period of three years, free from conviction.

Indecency offences

15. As Hackney Carriage and Private Hire drivers often carry unaccompanied and/or vulnerable passengers, applicants with convictions for indecent exposure, indecent assault, importuning, or any of the more serious sexual offences, shall be refused a licence until they can show a substantial period free of such offences.

Each case shall be treated on its merits. A conviction of this kind shall preclude consideration for at least five years.

If a licence is issued by the council then a strict warning as to future conduct should be issued.

A licensed driver found guilty of indecency offences during the period of the council issued licence shall have their council issued drivers licence suspended and consideration given for the revocation the licence.

Re-consideration of the granting of a new licence shall not be entertained for a minimum period of five years free from conviction.

Violence

16. As Hackney Carriage and Private Hire drivers maintain close contact with the public, a firm line shall be taken with applicants who have convictions for grievous bodily harm, wounding or assault.

At least 3 years free of such convictions should be shown before an application is entertained and a strict warning shall be administered.
A licensed driver found guilty of violence related offences shall have their council issued drivers licence suspended and consideration given for the revocation the licence.

Re-consideration of the granting of a new licence shall not be entertained for a minimum period of three years, free from conviction.

**Dishonesty**

17. Hackney Carriage and Private Hire drivers are expected to be persons of trust. The widespread practice of delivering unaccompanied property, taking children to school and families on holiday is indicative of the trust people place in drivers.

Moreover, it is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare.

Overseas visitors can be confused by the change in currency and become “fair game” for an unscrupulous driver.

For these reasons a serious view should be taken of any convictions involving dishonesty. In general, a period of at least 3 years free of conviction shall be required before entertaining an application.

Any existing driver convicted of offences of dishonesty shall have their council issued drivers licence suspended and consideration given for the revocation the licence.

Re-consideration of the granting of a new licence shall not be entertained for a minimum period of three years, free from conviction.

**Insurance Offences**

18. A serious view will be taken of convictions for driving or being in charge of a vehicle without the correct type of insurance.

An isolated incident in the past will not necessarily debar an applicant provided he/she has been 3 years free of conviction unless there are exceptional circumstances. A strict warning shall be given as to future behaviour.

More than one conviction for these offences will raise grave doubts as to the applicant’s fitness to hold a Hackney Carriage and Private Hire drivers licence unless there are exceptional circumstances.

At least three years free from conviction shall elapse before an applicant is considered for a council issued licence.

A driver found guilty of driving passengers for Hire and reward without the appropriate insurance will have his licence suspended and consideration given for the revocation the licence.

A new application from a person whose licence has been revoked will not be considered for a period of three years, free of conviction.
The following offers guidance only and the Act should be consulted for definitive interpretation of the legislation.

(1) Under the 1974 Act, criminal convictions can become spent after a certain period of time, and once spent, for many purposes, can be disregarded completely. The possibility of rehabilitation and the length of time before rehabilitation occurs depends on the sentence imposed, and not the offence committed.

(3) Where a person is sentenced to imprisonment for a period exceeding 30 months, the conviction can never become spent.

(4) Despite the above, the principles of the Act do not apply to applicants for Hackney Carriage and Private Hire drivers’ licences. This is because the driving of taxis is listed as a “Regulated Occupation” in relation to which questions may be asked as to the suitability of individuals to be granted a licence.

(5) Although the Act does not prevent judicial authorities (inclusive of the Licensing Authority) from taking spent convictions into account; such convictions are only admissible in so far as they are relevant to the issue as to whether the applicant is a fit and proper person to hold a licence.

As an organisation using the Disclosure Barring Service (DBS – formerly CRB)) disclosure service to help assess the suitability of applicants for positions of trust, North Somerset Council – Community & Consumer Services complies fully with the DBS Code of Practice regarding the correct handling, use, storage, retention and disposal of Disclosures and Disclosure information. It also complies fully with its obligations under the Data Protection Act and other relevant legislation pertaining to the safe handling, use, storage, retention and disposal of Disclosure information.

Handling

In accordance with section 124 of the Police Act 1997, Disclosure information is only passed to those who are authorised to receive it in the course of their duties. We maintain a record of all those to whom Disclosures or Disclosure information has been revealed and we recognise that it is a criminal offence to pass this information to anyone who is not entitled to receive it.

Usage

Disclosure information is only used for the specific purpose for which it was requested and for which the applicant’s full consent has been given.

Retention

Once a decision has been made to grant the relevant licence, we do not keep disclosure information any longer than is absolutely necessary. It is considered necessary to keep Disclosure information for longer, we will consult the DBS about this and will give full consideration to the Data Protection and Human Rights individual subject before doing so. Throughout this time, the usual conditions regarding safe storage and strictly controlled access will prevail.

Disposal

Once the retention period has elapsed, we will ensure that any Disclosure information is suitably destroyed by secure means, i.e. by shredding. We will not keep any photocopy or other image of the Disclosure or any copy or representation of the contents of a Disclosure. However, notwithstanding the above, we may keep a record of the date of issue of a Disclosure, the name of the subject, the type of Disclosure requested, the reason for which the Disclosure was requested, the unique reference number of the Disclosure and the details of any licensing decision taken.

Appendix Q

PROOF OF IDENTITY

1. North Somerset District Council may not grant a Hackney Carriage and/or Private Hire Licence to any person who is not able to provide proof of their right to work.

2. Authorisation to Work in the United Kingdom

2.1 All applicants will need to demonstrate that they have the right to work in the UK before an application for the grant of a licence may be considered. The Licensing Authority will operate its application procedures in line with guidance issued by UK Home Office.

2.2 Further information can be obtained from this Council and from the Home Office website. Identification documents may be copied and forwarded to the Home Office for verification.

3. Right to live and work in the United Kingdom

3.1 All applicants for a Hackney Carriage or Private Hire driver’s licence must provide documentary evidence confirming their right to live and work in the United Kingdom.

3.2 The UK Home Office has produced a list of documents that can provide this evidence. These are listed below. Documents provided from List A establish that the person has a permanent right to remain in the UK; documents from List B indicate that the person has a temporary right to be in the UK. A copy of every document produced will be kept by the Authority.

3.3 The provision of a National Insurance number in isolation is not sufficient for the purposes of establishing the right to live and work in the UK. The National Insurance number can only be used for this purpose when presented in combination with one of the documents listed below.

3.4 Licences granted to drivers whose leave to remain in the UK is time-limited will only be granted for up to the period for which they are entitled to work in the UK. Driver licences can only be issued for either 1 or 3 years and each case will be considered individually. In order for the licence to be extended (up to the maximum three years) drivers must produce further evidence to prove that they have the right to work in the UK.

3.5 In the event of an existing driver who is wishing to renew their licence, the proof of right to work in the UK must be provided before the licence can be renewed. If it is not provided, the licence will not be renewed and the driver will not be licensed. However, if the licence holder is then able to submit the proof of right to work within three months of the initial expiry of the licence, subject to there being no other concerns, the licence will be reinstated and treated as a renewal application. However, any driver submitting this evidence more than three months after the expiry of the initial licence will not be afforded this privilege. In such cases the driver will be treated as a new application, requiring a new medical examination and all other documentation and checks that would be required when applying for a new licence. The applicant will be required to wait until all necessary checks have been completed before a licence can be issued.
3.6 In the event that a driver does not have his licence extended, he will, on request, be entitled to a refund of a pro-rata proportion of the grant of licence fee.

**List A**

Documents which establish ongoing entitlement to work in the UK. These documents prove that an applicant has no restrictions on right to work in the UK. Once an applicant/licence holder has undertaken the necessary check one, they will not have to repeat the check when they subsequently apply to renew their licence.

3. A Registration Certificate or Document Certifying Permanent Residence issued by the Home Office to a national of an European Economic Area country or Switzerland.

4. A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.

5. A current Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named in it is allowed to stay indefinitely in the United Kingdom, or has no time limit on their stay in the United Kingdom.

A current Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the person named in it is allowed to stay indefinitely in the United Kingdom or has no time limit on their stay in the United Kingdom together with an official document giving the person’s permanent National Insurance Number and their name issued by a Government agency or a previous employer.

8. A full birth or adoption certificate issued in the United Kingdom which includes the name(s) of at least one of the holder’s parents or adoptive parents, together with an official document giving the person’s permanent National Insurance Number and their name issued by a Government agency or a previous employer.

10. A certificate of registration or naturalisation as a British citizen together with an official document giving the person’s permanent National Insurance Number and their name issued by a Government agency or a previous employer.
List B
Documents which indicate restricted entitlement to work in the UK. Applicants or licence holders may be issued with a licence but this will not exceed their date of permission to work. Licence holders will have to provide proof of right to work each time they apply to renew their licence.

The licence may be granted for six months from the date of the Certificate of Application.

6. A Verification issued by the Home Office Evidence and Enquiry Unit to you, which indicates that the named person may stay in the UK because they have an in time application, appeal or administrative review and which is outstanding. The licence may be issued for six months from the date of the licence decision.

Additional requirements for applicants who have lived outside the UK

These additional requirements do not relate to the Immigration Act 2016 but are necessary to ascertain whether a driver is a “fit and proper” person to hold a licence.

Where an applicant has lived outside of the UK for any period exceeding 3 months at any time between the age of 10 years old and the date of their driver application then in addition to the Disclosure and Barring Service check, the applicant will be required to provide a Certificate of Good Conduct or a criminal record check from each and every country in which they have lived for over 3 months. It may also be possible to get such a check through the relevant embassy in the UK and the applicant will be responsible for providing this at their own expense.

Non-UK applicants, as part of the licensing process must register their non-UK driving licences with the DVLA in order that a UK counterpart can be issued.
