What do you think about the Community Access Review (CAR) proposals for Yatton?

This is the questionnaire for individual respondents. If you want to give the official response on behalf of an organisation you represent, contact us for the 'organisations' questionnaire.

If you prefer, you can do either questionnaire online at www.n-somerset.gov.uk/yattoncar

This consultation asks about some options for the library and children's centre in Yatton, as part of the Community Access Review. Please read about the background to CAR and this consultation before you take part by going to www.n-somerset.gov.uk/car and choosing the link to 'Community Access review report'. It's all important information, especially the part about Yatton, which is on pages 25-28 of that document.

The consultation closes on Friday 30 September 2016 so make sure you post this questionnaire to reach us by then (address at the end of the questionnaire).

Questions 1 and 2 are mandatory questions. These are marked with an asterisk.

If you have any questions about this consultation, contact us by phone on 01934 888 802 or by email on CARreview@n-somerset.gov.uk.

Q1

* What is your home postcode?

This is only so we can see how people's answers vary from area to area

We want to consider everyone's needs, and we have a duty under equality law to do so. When commenting on how any of the options would affect you, please include any impact due to your age, sex, gender, disability, ethnicity, pregnancy/maternity, sexual orientation, income, faith, parental role, caring responsibility or other aspect of your identity.
We have analysed three options in Yatton. We have rejected one of them:

- A new integrated facility for both the library and Yatton Moor Children's Centre that would reach across the communities of both Yatton and Congresbury. This option has been rejected due to the significant cost of building a new facility.

We now are looking at two options in Yatton:

1) co-locate Yatton Moor Children’s Centre with Yeo Valley and Rural Outreach Children’s Centre but continue to deliver children’s centre services to Yatton’s community via outreach i.e. using the library as a venue or other community facilities as appropriate. This would mean that the administration and management of children’s centre services would move to Yeo Valley whilst delivering appropriate services within Yatton from, for example, the existing library.

2) Move Yatton Moor Children’s Centre into Yatton library to create a community hub. This option would see both services located in their entirety within the library building. The library would be re-modelled to make better use of the internal and external layout.

Our preferred option as of June 2016 is option 1 (to co-locate Yatton Moor Children’s Centre with Yeo Valley and Rural Outreach Children’s Centre but to continue delivering children’s centre services in Yatton through an outreach service using Yatton library as a venue).
